"Where Every Detail Matters."

A PERSONAL NOTE

Welcome to the Family

Dear Host Partner,

Welcome — and thank you for trusting Proper Home Prep with your property. That trust is something we take seriously, and we want you to feel it from the very first turnover.

We built Proper Home Prep because we saw a gap in Nashville's short-term rental market: property owners needed a preparation partner they could genuinely rely on. Not someone who showed up late, cut corners, or left them guessing. A real partner — **fast, consistent, accountable, and transparent.**

Every job we do follows the same documented standard. Every room is photographed before and after. Every issue is flagged immediately — not discovered by your next guest. And every technician who walks through your door has been trained to treat your property like it belongs to someone they care about.

> *"We treat every property like a five-star guest experience depends on it — because it does. That's not a tagline. It's how we operate, on every property, every single time."*

This welcome packet contains everything you need to get started — how our process works, how to access your host dashboard, your onboarding checklist,

and how to reach us. Read it, save it, and know that we're here whenever you need us.

We're genuinely glad you're here. Let's build something great together.

With gratitude,

Proper Home Prep

— OUR SERVICES

What We Do — Every Time We Visit

Every Proper Home Prep service follows the same documented standard. No guesswork, no variability — just consistent, hospitality-grade results on every property, every visit.

01

Rental Make-Ready & STR Turnover

Our core service — complete turnover preparation between guests. Cleaning, linen setup, restocking, staging, and photo documentation, all completed within your window. Your property is guest-ready before your next check-in, every time.

02

Home Prep Cleaning

Deep, thorough cleaning that prepares any property for immediate use — whether for a new guest, a showing, or a fresh start. Every surface, every corner, cleaned to a five-star hotel standard.

03

Vacant Property Inspections

Systematic inspection and condition reporting for unoccupied properties. Every room documented with timestamped photos — so you always know exactly what's happening at your property, even when you're not there.

04

Light Repairs & Touch-Ups

Minor repairs, paint touch-ups, and punch-list completion. We handle the small things that make a big difference — so your property is truly guest-ready, not just clean.

05

Exterior Refresh & Curb Appeal

Because the guest experience starts before they open the door. Exterior cleaning, tidying, and first-impression enhancement — so every arrival feels like a five-star welcome.

06

Move-In / Move-Out Prep & Junk Removal

Full transition cleaning for residents and new occupants, plus complete cleanout services for estates, vacancies, and repositioning properties.

☆ THE PROPER PROMISE

Every job is photo documented. Every checklist is completed in real time. Every issue is flagged before your next guest arrives. If it's not in the dashboard, it didn't happen.

YOUR HOST DASHBOARD

Real-Time Visibility Into Every Turnover

The Proper Dashboard gives you live visibility into every job — from the moment your technician arrives to the moment your property is guest-ready. Here's how it works.

1

You Receive Your Welcome Packet & Onboarding Code

After signing your service agreement, you'll receive this packet along with a unique onboarding code (e.g. **PHP-A3K9**) and a link to your host portal. Your code expires in 30 days.

Delivered via email

2

Complete Your Property SOP Online

Visit your host portal and complete your Property Standard Operating Procedure — room layout, linen preferences, restocking lists, access info, and scheduling preferences. This becomes the master profile for every technician assigned to your property.

dashboard.properhomeprep.com/onboard

3

Your Property Goes Live

Our team reviews your SOP, confirms your property profile, and activates your account. You'll receive a confirmation that your property is live and ready to schedule.

✅ Typically within 1 business day

4

Watch Your First Turnover in Real Time

Log into your host dashboard and watch as your technician checks in, uploads before photos, completes each task, and flags any issues — all in real time. When the job is complete, you receive an instant notification that your property is guest-ready.

Works on any device

Live Photo Stream

Photos appear in your dashboard as they're uploaded — organized by room, timestamped, and permanently linked to the job record.

Instant Issue Flags

Any damage, missing items, or maintenance concerns are flagged immediately with photos — giving you a recovery window before your next guest arrives.

Real-Time Task Feed

Watch each task get checked off as it's completed — "Kitchen counters ✓ 2:34 PM" — so you always know exactly where your turnover stands.

Guest-Ready Notification

The moment your technician signs off, you receive an instant push notification confirming your property is complete and guest-ready.

Your Next Steps

1 **Complete Your Property SOP**

Visit your onboarding portal and complete your property profile. The more detail you provide, the better every turnover will go.

2 **Connect Your Calendar**

Link your Airbnb, VRBO, or iCal feed so turnovers are automatically scheduled around your bookings — no manual coordination needed.

3 **Schedule Your First Service**

Reach out to your coordinator to schedule your first turnover or a property walkthrough. We'll take it from there.

4 **Relax — We've Got Your Property**

From this point forward, every turnover is documented, every issue is flagged, and every guest walks into a five-star experience. That's The Proper Standard.

Thank You for Choosing Proper Home Prep

Every technician who walks through your door will deliver the same exceptional, hospitality-grade result. Your guests will feel it in every detail — the perfectly made bed, the streak-free mirror, the carefully staged welcome.
